TRAN Annie
Product Designer

I have been working in the digital world for + 4 years, with a minimum of 2 years of experience of Product Designer & UX/UI designer.   .
I have a multidisciplinary profile in the digital world, I strive to make pixels possible and impactful.
Specialized in the creation of digital solutions (website, mobile, applications), I also have experience in web development. So I am able to make a connection between the two professions.

EXPERIENCE   02

May 2023 - Aujourd'hui
Product Designer at Supermood

A SaaS platform to analyze what motivates people in business and how to better meet their needs. HR and managers can therefore make the best human resources decisions to make employees feel better

Missions :
- Support and develop the design of new functionalities
- Participate in the evolution and documentation of the design system
- Contribute to increasing platform and user knowledge (sitemap - participation in interviews, etc.)

September 2022 - April 2023
Product Designer at Agily

Agily is a Product Studio that specializes in the design and development of digital products.

Missions:
- I support clients in their product approach, whether in the discovery/research (UX Research) or product design phases.
- I work in collaboration with the product managers and developers during this phase.
- I created the design system from A to Z in collaboration with developers

October 2020 - September 2020
Web developer at Publicis Group

A global advertising brand, which produces and delivers branded content for all channels with a single goal: perfectly mastered global execution, delivered with agility and meeting the highest creative requirements.

Missions:
- Front via Sales Forces (HTML/CSS/JQUERY) on Sephora [1 year]
- Front solutions dashboard (HTML/CSS/JS) on Alice Carbone
- Front dashboard challenge (React.js) on Total Energie
